

# Pond gate codes and rules for use

There are 3 gates into the pond as of 8/27/19.

All gates code are 123321\*

Occasionally, the battery goes dead on the gate lock. If you experience any problem, please let the HOA know.

Rules:

- No swimming, fishing, wading or boating
- Please pick up after your pets
- Dogs must be on leash at all times
- Don't feed the ducks or geese
- Do not throw anything into the pond
- Do not release any fish or critters into the pond

(You may see people thinning the fish population, or adding chemicals for insect control. That is HOA approved maintenance and those people have prior permission.)

Thank you and enjoy the pond area.
